Poster Presentation Guidelines

Poster Presentation

Authors must submit an abstract for the poster session (online form available on the conference website) and they may choose either:

Poster with three minute oral introduction: time will be reserved in the programme for authors to introduce their posters (and poster is displayed for the duration of the conference); or

Poster without oral introduction (poster is displayed for duration of the conference)

Posters will be displayed in the Foyer area where the day catering will take place. Delegates will have the opportunity to view the posters during morning / afternoon tea, lunch and at the Welcome Function. We recommend that you are available near your poster at some of the refreshment breaks to answer any questions.

Please note: at least one poster author must be a registered delegate attending the conference for the poster to be included.

Poster Size

The posters will be displayed on room divider/poster display boards (2.3m height x 1.2m width) with one side of each divider dedicated for a single poster. You should plan to keep your poster information to an A0 poster size of approximately 120cm height by 84cm width (in portrait orientation). This is the size that people generally expect to see and there are poster templates available to assist in preparation, and poster production services will generally handle posters of this size.

Preparation Information

Poster authors may prefer to have their posters made by their preferred supplier, however we can recommend Uniprint www.uniprint.otago.ac.nz who are located in Dunedin, New Zealand who are experienced at printing academic posters. We can arrange to collect posters printed by Uniprint – you will need to let Uniprint and the Conference Organiser know of your arrangements.

Pack in, Pack Out

Authors need to ensure that they have Velcro (hooked side) attached to the back of their posters at least 24 hours before the event to ensure adhesion.

Poster authors are required to have their posters set up on the first day of the conference in the Foyer Area. Posterboards will be numbered please refer to your poster number in the Conference Handbook (there will also be a printed guide in the poster display area). The Registration Desk will be able to store your poster tube, please ensure that this is clearly named.

Authors may take down their posters after the final meal break on the last day and poster tubes will be made available for collection at the registration desk on Friday morning.
